<b>Brief IOA Project Descriptions</b>
Walk with Ease: A physical activity program specifically developed for people with arthritis.
Balance Improvement: A 12-week exercise-based balance improvement program offered at 4 senior centers in Orange and Chatham counties.
WILIS (Workforce Issues in Library and Information Science): A collaborative research project designed to study the educational, workplace, career and retention issues faced by library and information science (LIS) graduates.
NCCoLLE (NC Collaboration on Lifelong Learning and Engagement): The development of planning, policies and activities among partner organizations that will support lifelong learning and civic engagement among older adults.
LAL (Lifelong Access Libraries): An initiative that aims to transform libraries into centers of lifelong learning for active older adults, emphasizing learning, social connections, life planning and community engagement.
Preventive Home Visits for Older Adults: A study to evaluate and aid at-risk older adults living in the community.
WASU (Win A Step Up): A program aimed at reducing turnover and improving the situation of nursing assistants in the long-term care industry in NC. All monies to support WASU come through the federal Centers for Medicare and Medicaid.
Disparities in Post-Acute Rehabilitation Care: A project to inform the development of interventions that will improve access to, use of, and quality of post-acute rehabilitation care for underserved populations.
