

INSTITUTE ON AGING SEMINAR SERIES, SPRING 2003

Seminars are held in Room 204, 730 Airport Road and are “bag lunch” (beverages are provided). These seminars are open to faculty, post-doctoral fellows and graduate students, and otherwise by arrangement with the program director. The seminar series also serves as the ‘proseminar’ series for the Carolina Program in Healthcare and Aging Research (CPHAR). Doctoral and post-doctoral fellows of the program will typically do advanced reading for the seminar. In addition, several of the sessions serve as events in the Ethnicity, Culture, Race and Aging interest group series (ECRA).

For further information or to secure a copy of advanced readings, please contact [diane\\_wurzinger@unc.edu](mailto:diane_wurzinger@unc.edu), 966-9444, [victor\\_marshall@unc.edu](mailto:victor_marshall@unc.edu) 843-8067 or, for the ECRA sessions, [peggye\\_dilworth-anderson@unc.edu](mailto:peggye_dilworth-anderson@unc.edu), 966-8138.

Session no.	date	time	topic	speaker	series	Remarks
1	9 Jan	12	Mentorship	Peggye Dilworth-Anderson and Victor Marshall Institute on Aging		
2	16 Jan	12	Older Workers and the Politics of Global Aging	Victor Marshall, Program Director CPHAR		based on 2002 paper at GSA
